I am so wishing I could be there too. Every video that someone posts about the traffic, road conditions, or anything I am watching.

POST MORE!!! History will be made on Wednesday!

Texan here. landed in DC this afternoon. I've never protested anything in my life. Very glad I'm here, and I'm happy to be representing those who can't be here.

MAGA forever.

On this one, I think we are the mob - these stupid faggots need to understand that we will gear up and show up when they cross the line. Bullllllllshit has been going on too damn long and it's time for a reminder.

Thanks bro. I would say I'd rather be on the farm with the fam, but I'm itching right now.

▼ I would like to thank all of you, too. My foot is severely broken and I will find out on Wednesday afternoon if I need a third surgery to fuse my main leg bones to my ankle. I couldn't wheel myself around in that crowd of frens, even though I dearly wish I could.

Make our demands known. BLM makes demands and pols cave because they are scared of them. We need to start demanding what's right... and allowing an illegitimate President isn't right!
